

<b>NAME:</b>	<b>DESCRIPTION:</b>
<b>Aerowash</b>	A concentrated alkaline cleaner containing a synergistic blend of synthetic detergents and organic solvents intended for the cleaning of surfaces soiled with oil, grease and similar soils
<b>Aluclean</b>	Aluclean is an effective heavy duty acid based cleaner for corrosion and stain removal caused by oxidation on aluminium.
<b>BTI</b>	Unique blend of organic and inorganic corrosion inhibitors specifically developed for the protection of steel when in contact with sea water.
<b>C-Break</b>	A modern degreaser incorporating a quick break emulsion specifically made for use when residue is routed through an oily water separator. Use as supplied and rinse with water
<b>C-Clean 750</b>	A highly effective, low toxicity dispersant for all forms of oils, specifically at sea, on boats, ships, harbours, beaches and aircraft.
<b>Cement Remover M</b>	A powerful acid based cleaner designed to effectively remove excess cement and other soils from metal surfaces.
<b>Citrikleen</b>	A multi-purpose degreaser produced with a blend of natural solvents (non-petroleum), surfactants. CITRIKLEEN will dislodge and remove carbaceous deposits, gelled oil and grease masses into easily rinsed molecules.
<b>C-Scale HL</b>	An inhibited liquid acid used to remove rust and scale from boilers, evaporators and heat exchanger surface.
<b>C-Scale P</b>	Acid Descaler Powder for removal of hard scale and rust deposits from water boilers, diesel engine cooling systems, condensers, evaporators, heat exchangers, pipeline collection systems.
<b>C-Solve 100</b>	Odourless medium drying safety solvent for cold cleaning electrical equipment
<b>C-Solve 330</b>	Medium Drying Safety Solvent For Cold Cleaning Electrical Equipment
<b>C-Solve 550</b>	For use in cleaning eclectic motors, bearings and other electric equipment. Very fast drying
<b>D Greasor 100x</b>	A multi – purpose degreaser that can be used for the cleaning of exterior surfaces of transport vehicles, including aircraft, boats, ships and road tankers.
<b>D Greasor 200 HD</b>	D- GREASOR 200 HD is a multi – purpose degreaser that can be used to remove light soils from hard surfaces.
<b>D-Carboniser</b>	Remove heavy oil and carbon deposits from injectors, cylinder heads, pistons, oil pumps, coolers, oil filters etc
<b>Deck Clean</b>	A multi - purpose biodegradable degreaser specifically formulated to remove a range of greases and oily deposits.
<b>Degrasol</b>	Heavy Sovent emulsifying agent for removal of mineral oils and fats. Heavy-duty degreasing. Rinse with fresh or salt water.
<b>D-GREASOR G-10</b>	General purpose light duty quick separating detergent
<b>Dipsol S</b>	A Powerful oxidizing, heavy duty acid based cleaner for corrosion and stain removal caused by oxidation of Stainless Steel 304, 316
<b>D-Scale PA</b>	D-Scale PA is an effective general purpose acid based descaler for rust and stain removal caused by oxidation. It is effectively used in marine, vehicle and general industrial appliances.
<b>D-Strip 500</b>	Heavy duty paint stripper and decarboniser by immersion.
<b>D-Strip 500 Gel</b>	Heavy duty Gel paint stripper and decarboniser.
<b>EcoKleen</b>	A State-Of-The-Art Multi – Purpose Degreaser with a green agenda. it is both bio-degradable and contains no hydrocarbons, making it environmentally conscience
<b>Grit Hand Cleaner</b>	A gel hand cleaner containing a light abrasive.
<b>Hiflier</b>	A vehicle cleaning liquid compound which cleans and then replaces wax removed with a new hard buffable wax
<b>Liquid Hand Soap</b>	Liquid Hand soap for use in restrooms.
<b>Red Ruby</b>	RED RUBY is a product specifically formulated for applications on all ferrous and galvanised surfaces. It is an instant rust converter, which transforms rusted and oxidised surfaces into rust resistant areas, encapsulating surface salts
<b>Rust Converter</b>	Concentrated low temperature light rust converter used primarily as primer prior to painting on metals
<b>Rust Remover Gel</b>	A Gel for removing bleeding rust from painted surface on desk, pump room and engine room.
<b>Rust Remover HD</b>	For removing bleeding rust from painted surface on desk, pump room and engine room. Can be used to remove rust by immersion.
<b>Trim Shine L</b>	Premium quality water based, silicone dressing that both restores and renews.
